18d. Total	\$0.00	\$7,500.00
19. Federal Staff Support Years (FTE)	0.00	0.10

20a. How does the Committee accomplish its purpose?

Kalaupapa NHP is a special community containing the 13 remaining patients of the Hansen's disease (leprosy) isolation program. Prior to the use of Kalawao & Kalaupapa as isolation treatment settlements in 1866, the peninsula was inhabited by native Hawaiians who were displaced from their homes when the settlements began. The patient community is the main group of people with whom the Park consults on park operations and management. The Commission, the majority of which includes former patients as well as native Hawaiian representatives, helps the park manage the community with cultural sensitivity and on management and operations of the park. In particular, the park is developing a 20-year general management plan and the Commission is advising on the draft alternatives, future plans for the park and, in particular, the present visitor cap restriction and possible changes to the visitor cap in the long-term future. The Commission also advises the park on the Memorial Project (to memorialize the names of those sent to Kalaupapa as patients, many of whom lie in unmarked graves).

20b. How does the Committee balance its membership?

The park's authorizing legislation and the Commission's charter require a minimum number of former patients and a minimum number of Native Hawaiians. The commission shall consist of no more than eleven members, seven members who shall be present or former patients elected by the patient community, and four members appointed from recommendations submitted by the Governor of Hawaii, at least one of whom shall be Native Hawaiian. The current membership is comprised of six former patients (one position is currently unfilled), and four members (all native Hawaiian) appointed by the Governor of Hawaii.

20c. How frequent and relevant are the Committee Meetings?

The Commission did not meet in FY 2018. Meetings are generally scheduled twice a year. Currently there are two high-profile projects for which the Park seeks input from the Commission, 1) a memorial to commemorate the names of the 8,000 or so people who were diagnosed with Hansen's disease and isolated at Kalaupapa, and 2) a general management plan which is expected to be completed in 2017-2018. The meetings were timed to provide input to the park on both of these projects as well as update the Commission on other ongoing projects and issues affecting the park. The Commission is sensitive to patient rights, especially those still living in the hospital area. The Commission

has been an effective bridge between park management and the patient community. Patients feel comfortable that the NPS listens to their concerns and, therefore, they are able to trust the government.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The Commission is necessary to ensure that sensitive issues regarding the former Hansen's disease patients and native Hawaiian rights are considered by park management. Kalaupapa National Historical Park is dedicated to protecting the rights of Hansen's Disease (Leprosy) patients. The Secretary of the Interior is to consult with and seek the advice of the Commission with respect to the development and operation of the park, including training programs. The Commission additionally advises the Secretary concerning public visitation to the park, and such advice with respect to numbers of visitors is to be binding upon the Secretary, if the Commission certifies to the Secretary that such advice is based on a referendum, held under the auspices of the Commission, of all patients on the official Kalaupapa registry.

20e. Why is it necessary to close and/or partially closed committee meetings?

All meetings are open to the public.

21. Remarks

The remaining 4 patient commissioners have been reappointed for an additional 5 years per letter dated: July 27, 2016. We are awaiting recommendation from the Governor of Hawaii to appoint a member of the community to the vacant position. The commission was briefed on the park's General Management Plan (GMP), but did not provide any recommendations. (1) Re #6 (EXPECTED CHARTER RENEWAL DATE) -- The FACA Section 14 (b) biennial rechartering requirement has been waived for this Commission by P.L. 102-525, October 26, 1992. (2) Re #17 (MEETINGS) -- In accordance with the Committee Charter and P.L 102-525, Members may continue to serve after the expiration of their terms until successors are appointed. P.L. 109-54, August 2, 2005, extended the authority of the commission for another 20 years. The commission will expire December 22, 2025.

Designated Federal Officer

Erika Stein Espaniola Superintendent, Kalaupapa National Historical Park

Committee Members	Start	End	Occupation	Member Designation
Akaka, Pualani	12/06/2016	07/27/2021	Retired Educator	Representative Member

Number of Committee Members Listed: 8

Narrative Description

The Commission provides support to the National Park Service by interaction with the Park Superintendent and understands the whole spectrum of park resources including natural and cultural.

What are the most significant program outcomes associated with this committee?

Checked if Applies

Improvements to health or safety	<input checked="" type="checkbox"/>
Trust in government	<input checked="" type="checkbox"/>
Major policy changes	<input type="checkbox"/>
Advance in scientific research	<input type="checkbox"/>
Effective grant making	<input type="checkbox"/>
Improved service delivery	<input checked="" type="checkbox"/>
Increased customer satisfaction	<input checked="" type="checkbox"/>
Implementation of laws or regulatory requirements	<input checked="" type="checkbox"/>
Other	<input checked="" type="checkbox"/>

Outcome Comments

Improved communication with patient community which facilitates consultation process for park projects.

What are the cost savings associated with this committee?

Checked if Applies

None	<input type="checkbox"/>
Unable to Determine	<input checked="" type="checkbox"/>
Under \$100,000	<input type="checkbox"/>
\$100,000 - \$500,000	<input type="checkbox"/>
\$500,001 - \$1,000,000	<input type="checkbox"/>
\$1,000,001 - \$5,000,000	<input type="checkbox"/>
\$5,000,001 - \$10,000,000	<input type="checkbox"/>
Over \$10,000,000	<input type="checkbox"/>
Cost Savings Other	<input type="checkbox"/>

Cost Savings Comments

This year, the general management plan is in internal review It is nearing its final stage of

completion.

What is the approximate Number of recommendations produced by this committee for the life of the committee?

17

Number of Recommendations Comments

FY18: No meetings were held in 2018. FY17: No meetings held in 2017. The GMP is still in final stage of gmp process, hopefully to have record of decision in 2017-2018. FY16: No meetings held. The GMP is in final stage of gmp process, hopefully to have record of decision in 2017. FY15: Recommendations against expansion of the park boundary to include a new NPS unit area on the north shore. FY 14 No new Recommendations. FY 13: Recommendations in regards to general management plan draft alternatives, visitor cap, foundation statement, and use of Hawaiian language in GMP alternatives. Also recommendations regarding the Memorial (Ka 'ohana o Kalaupapa) will build and the EIS increase military landings in Kalaupapa.

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

76%

% of Recommendations Fully Implemented Comments

59% GMP 5% Military EIS 15% Memorial

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

18%

% of Recommendations Partially Implemented Comments

21% GMP (final stage of gmp process, hopefully to have record of decision in 2016. 10% Protecting the welfare and privacy of the remaining patients here at Kalaupapa.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes ☒ No ☐ Not Applicable ☐

Agency Feedback Comments

Feedback is provided through the DFO/park superintendent. The Park actively seeks the advice of the patient community on key issues and gives a verbal update report at each

commission meeting.

What other actions has the agency taken as a result of the committee's advice or recommendation?

Checked if Applies

Reorganized Priorities	<input checked="" type="checkbox"/>
Reallocated resources	<input checked="" type="checkbox"/>
Issued new regulation	<input type="checkbox"/>
Proposed legislation	<input type="checkbox"/>
Approved grants or other payments	<input type="checkbox"/>
Other	<input type="checkbox"/>

Action Comments

The park is always doing ongoing consultation with the patient representatives on the commission and strongly considers their advice and tries to implement where feasible.

Is the Committee engaged in the review of applications for grants?

No

Grant Review Comments

Not Applicable
